The diagram illustrates the organizational structure of the Department of Direct Material Resources. At the top is the **Chef der Abteilung** (Department Head), who oversees the **Stellvertreter** (Deputy) and four main functional areas: **Materialwirtschaft** (Material Management), **Einkauf** (Purchasing), **Produktionssteuerung** (Production Control), and **Logistik** (Logistics). Each functional area has a corresponding **Fachbereich** (Specialized Department) and a **Stelleninhaber** (Position Holder). The Material Management area includes the **Materialwirtschaftsfachmann** (Material Management Specialist). The Purchasing area includes the **Einkaufsfachmann** (Purchasing Specialist). The Production Control area includes the **Produktionssteuerungsfachmann** (Production Control Specialist). The Logistics area includes the **Logistikfachmann** (Logistics Specialist).
