

This architectural section drawing illustrates a building's internal structure and its relationship with an outdoor wadi and a woonerf (a type of residential street). The building is shown in a cross-section, with various rooms and structural elements labeled. The wadi is a water feature located to the right of the building, and the woonerf is a pedestrian-friendly street area to the left. The drawing includes a detailed floor plan of the building, showing the layout of the rooms and the placement of the wadi and woonerf. The drawing is a technical illustration, likely a 2D section, showing the building's structure and the surrounding environment. The drawing is a technical illustration, likely a 2D section, showing the building's structure and the surrounding environment. The drawing is a technical illustration, likely a 2D section, showing the building's structure and the surrounding environment.
