This archaeological map illustrates the Hechtel-Eksel - Borgveld area, bounded by Dennenstraat to the northwest and Heuvelstraat to the northeast. The map is overlaid with a coordinate grid ranging from 220502.000 to 220802.000 on the x-axis and 204904.000 to 205304.000 on the y-axis. A red line delineates the project area, which contains numerous yellow rectangular features labeled as 'Werkput' (excavation pits), including WP1 through WP17. A network of brown lines represents 'Spoor' (tracks), with labels SP1 through SP36. A grey dotted line indicates a 'Gracht' (ditch), labeled SP10. A pink area represents a 'Profielput' (profile pit), labeled SP11. A black area represents a 'Recent' feature, labeled SP12. An orange area represents a 'Maïsveld' (maize field), labeled SP13. A red line represents a 'Coupelijn' (boundary line), labeled SP14. The map also shows several buildings, including a large grey building labeled 16A, and a road labeled Borgveld. A scale bar at the bottom indicates distances from 0 to 200 meters. A north arrow is located in the bottom right corner.
